**OLD BUSINESS**

**Building Committee:**

Gordon reported that a walk through was done last week and a list a things that need to be done was made and contractors will be on sight June 13 to finish up. There is a wiring issue with the HVAC system in the building but it can be fixed. A final inspection will be June 14 for the elevator. Nothing has been heard from Maynard regarding the "splotchy" carpet. We all need to learn how to work the control panel for the chandeliers. There is no new information about how best to handle the surplus brick from the deconstruction. It was mentioned that there is a telephone system called straighttalk.com that may be helpful for us to use in the future. Also, handrails for the upstairs restroom toilets are our responsibility.

Paul Gilliland will be responsible for moving his piano from Spokane to the Opera House.

**Recap:**

The Lions Club dinner went really well as did the rummage sale during Cruizin' Harrington Day. It was noted that Good Will is sometimes willing to pick up rummage items.

The recital on May 22 was a success. A social time followed.

The Bridges Home concert was fantastic.

Rummage sale dollars will continue to go toward the elevator fund for future ongoing expenses.

Linda, Mark and Sheryl offered to work on the fall celebration to dedicate the piano and elevator.
